TURN-KEY PHARMACY PARTNERSHIPS

FOREWEST

The financing & support you need to succeed.

“ [A Forewest partnership] is probably the easiest way to do it, because they've got a lot of experience and you can concentrate on being there for the customers, [trusting them] to take care of most of the other things involved in running the business.”

— ALVIN SINGH,
PHARMASAVE 31, NORTH VANCOUVER, BC

Many retail pharmacists are frustrated by the restrictions, policies and procedures handed down to them from corporate head office. Unable to gather a substantial investment to start their own pharmacy, or overwhelmed by the thought of running their own business, corporate pharmacists haven't had anywhere to turn – until now.

By partnering with Forewest Holdings, pharmacists receive the financing and business support they need to successfully own and run their own drug store.

WHO IS FOREWEST?

Formed in 1981, Forewest was the original holding company for Pharmasave Drugs Ltd. Today Forewest Holdings is strictly an investment and support company for a growing number of Pharmasave locations. Our goal is to become the largest provider of ownership opportunities for entrepreneurial thinking pharmacists in the country.

“ I have had a great experience as a Forewest partner. Financially I am as solid as I have ever been, the administration and support have been excellent and I have never been happier as a Pharmacist before. Having the added incentive of ownership as part of the deal is just the “cherry on top”!

— MICHAEL REMARCHUK, PHARMASAVE 32, HOUSTON, BC
